Profile:

Over the past three decades, Anita Kegley has established her expertise and leadership in the construction industry throughout South Texas. As the founder of KEGLEY Inc. and an avid community supporter, she has made major contributions in the medical, educational, hospitality, and governmental commercial construction industries. Additionally, her experience and quality reputation places KEGLEY Inc. in a high demand with clients concerning insurance reconstruction claims and projects. Anita's book-of-business boasts across major Cities, Counties, States and Federal agencies. With these impeccable credentials she has obtained clients in relations to major school districts, national health systems, major hotel chains, public roadways, and transportation industries. KEGLEY Inc. is a well-established and versatile firm that can contribute leadership and technical expertise to any construction project, whatever the budget and scope.
