PROFILE

Self-motivated and certified Family Nurse Practitioner with expertise in wound care. Proven success in business development, consulting, and operations management. Dedicated to evidence-based practice and patient-centered care. Adept at leading operations and providing direct patient care.

WORK EXPERIENCE

Founder & President

Lake Effect Health 2018 - present

- President of NP-led medical practice specializing in patient-centered, evidence-based care, including wound care, wellness, and preventative medicine in a variety of care settings: inpatient, outpatient, sub-acute, and community care
- Wound Care Consultant under the American Board of Wound Management with expertise in diagnosis, management, debridement, bedside procedures, billing, coding, and current treatments

Family Nurse Practitioner

Premier Physicians 2015 - 2018

- Primary Care Provider and Family Nurse Practitioner seeing patients in diverse settings: inpatient, outpatient, and community care
- Wound Care Consultant with expertise in diagnosis, management, debridement, and treatment as a Certified Wound Specialist under the American Board of Wound Management
- Certified and skilled in cosmetic dermal injections and fillers

Registered Nurse

Cleveland Clinic 2007 - 2011

- Provided direct patient care, stabilized critically ill patients, and determined the next course of action for ICU patients
- Assessed, staged, and treated wounds, evaluated treatment effectiveness, and collaborated with healthcare team members.

Wound Nurse

Regency Hospital 2009 - 2012

- Provided direct patient care and worked as a member of a Wound Team at a long-term acute care hospital (LTACH)
- Assessed, staged, and treated wounds including a variety of complex wound dressings such as Negative Pressure Wound Therapy (NPWT) and compression
- Skilled in the management of ostomies and continence
