Applications of Expertise

Data Breach and Incident Response

Led assessment teams used to assess data breach incidents for counsel to government agencies, universities, and corporations.

Enterprise Data Encryption

Advised use of enterprise-wide cryptographic controls, including development of standards to ensure interoperability among products and across platforms.

- St. Joseph Health System Medical Information Cases, Superior Court of the State of California, County of Orange, Judicial Council Coordinated Proceeding No. 4716 2013-16
 - For Plaintiff's counsel I assessed data and testimony related to a data breach, specifying publication of sensitive information.
- State of Ohio v. Clay Hooper, Court of Common Pleas of Perry County, Ohio, Case No. 14-CR-0037 2014–15

For defense counsel I analyzed the State's forensic computer examination reports and underlying electronic evidence, authored a report, and testified at trial. The trial ended in acquittal on all charges.

State of Ohio v. Michael McVey, Court of Common Pleas, Jefferson County, Ohio, Case No.: 13-CR-228 2014–15

> For defense, opined on reports offered by the State and underlying electronic evidence in the prosecution of a school administrator. Provided affidavits and expert reports before all charges were dismissed by the State.

Pharmatrak, Inc. Privacy Litigation. U.S. Court of Appeals, First Circuit, 329 F.3d 9, 2003.

> Led analysis of Pharmatrak's systems for plaintiffs' counsel. Analysis used by the court to clarify "protected content" under ECPA on the Web.

H&H Industries, Inc. v. Erik S. Miller, United States District Court, Southern District of Ohio, Eastern Division, Case No. 2:13-cv-907 2013-14

> For plaintiff's counsel I examined computer systems and data to locate confidential information.
